## Lunch

## Afternoon Session:

- Know Your Product Series
- Active Ingredients: Cannabinoids, Terpenoids, Flavonoids
- Product Types/Methods of Consumption
- Dosing & Packaging
- Tolerance Levels/Side Effects
- Exam

## LEARNING OUTCOMES:

At the end of the course you will:

- Understand the cannabis plant, the history behind cannabis and where we are today;
- Know the basics of growing cannabis, harvesting and curing cannabis;
- Be able to identify the types of cannabis strains and what each type is used for;
- Be familiar with the active ingredients in cannabis including most common cannabinoids and terpenoids;
- Know the different product types and how they differ in onset and how to read and determine dose;
- Be able to understand packaging and labels to know the dose and have a clear awareness of tolerance and side effects of consuming cannabis

## Study Guide

Upon registration, students will be provided with an access code for an online Study Guide. Access is valid for 1 year from time of registration.

## Exam

The examination is restricted to information contained within the Study Guide.

At the end of the day of the course, students will be provided 40 minutes to answer 40 multiple-choice questions.

The exams are then graded and results are released within two weeks after the exam.

Students are required to achieve a grade of 70% to pass the Level 1 certification.
