Introduction

This Specification contains necessary information for both candidates and Approved Programme Providers (APPs) about the WSET Level 4 Diploma in Wines. The main part of the document is a detailed statement of the learning outcomes of the WSET Level 4 Diploma in Wines. These outcomes should be used by APPs to prepare programmes of learning, and by candidates to plan their studies, because the examinations are specifically set to test these outcomes. The Specification also provides a list of recommended tasting samples, guidance concerning the examinations and the examination regulations. At the end of this document you will also find information on the other WSET qualifications and WSET's qualification division, WSET Awards.

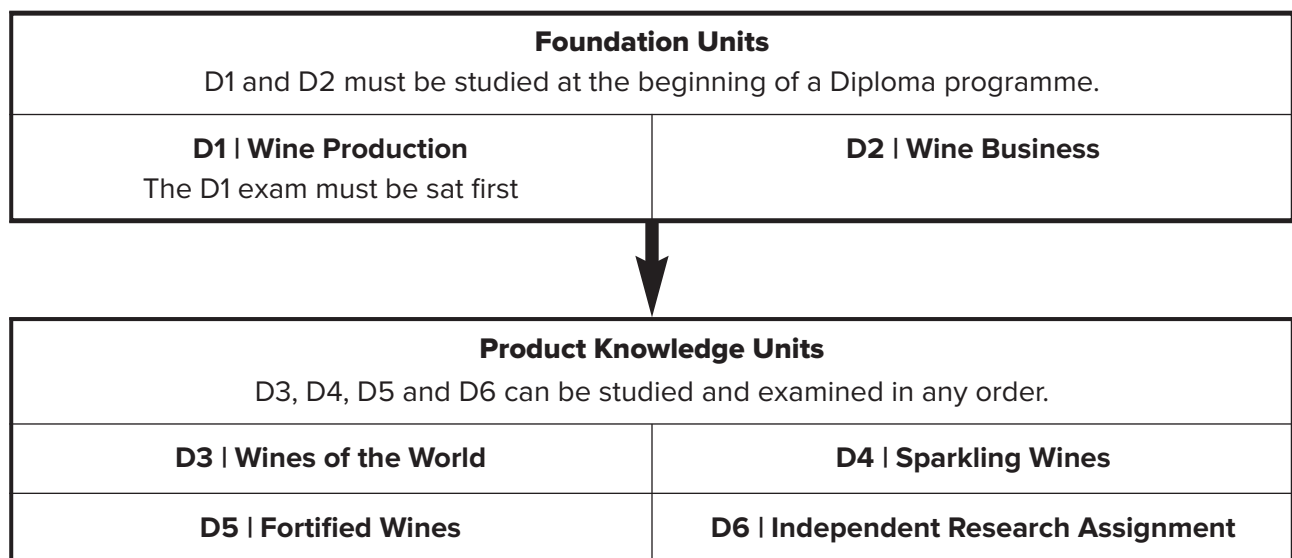

Introduction to the WSET Level 4 Diploma in Wines

Qualification Aims

The WSET Level 4 Diploma in Wines aims to give students specialist knowledge and understanding of the core principles of production and business of wine. Diploma graduates will have the product knowledge and the analytical tasting skills to explain and evaluate wines.

Qualification Structure

The Diploma is divided into six mandatory Units. The two foundation Units must be studied and, for D1, examined at the beginning of the Diploma programme because they will provide the knowledge and understanding required for success in subsequent Units.

D1 | Wine Production

Weighting: 20%

Learning Outcome 1.1 Understand what the vine requires to produce and ripen grapes for wine production and how the growing environment influences the vine's ability to produce and ripen grapes.

Learning Outcome 1.2 Understand grape growing options.

Learning Outcome 1.3 Understand winemaking options and how they influence the style, quality and price of wines.

D2 | Wine Business

Weighting: 10%

Learning Outcome 2.1 Understand the factors that contribute to the price of wine.

Learning Outcome 2.2 Understand the types of businesses engaged in the production of wine and options for getting wine to the point of sale.

Learning Outcome 2.3 Understand key considerations in wine marketing.

D3 | Wines of the World

Weighting: 50%

Learning Outcome 3.1 Understand how the growing environment, grape growing options, winemaking options, wine law and regulation, and wine business influence the style, quality and price of the principal wines of the world.

Learning Outcome 3.2 Demonstrate the ability to taste and evaluate wines from the principal wine regions accurately.

D4 | Sparkling Wines**Weighting: 5%**

Learning Outcome 4.1 Understand how the growing environment, grape growing options, winemaking options, industry associations and labelling terms, and wine business influence the style, quality and price of the principal sparkling wines of the world.

Learning Outcome 4.2 Demonstrate the ability to taste and evaluate sparkling wines accurately.

D5 | Fortified Wines**Weighting: 5%**

Learning Outcome 5.1 Understand how the growing environment, grape growing options, winemaking options, industry associations and labelling terms, and wine business influence the style, quality and price of the principal fortified wines of the world.

Learning Outcome 5.2 Demonstrate the ability to taste and evaluate fortified wines accurately.

D6 | Independent Research Assignment**Weighting: 10%**

Learning Outcome 6.1 Research a specified wine-related subject.

Enrolment

Prospective students for the WSET Level 4 Diploma in Wines must hold either the WSET Level 3 Award in Wines or the WSET Level 3 Award in Wines and Spirits.

Please refer to 'Examination Regulations Entry Requirements' for additional eligibility information.

Total Qualification Time (TQT) and Guided Learning Hours (GLH)

TQT is an estimate of the total amount of time, measured in hours, that a learner would reasonably need to be able to show the level of achievement necessary for the award of a qualification. It is made up of the GLH and private study time. GLH include all tutor-supervised learning and supervised assessments.

The TQT for the Level 4 Diploma in Wines is 500 hours. This is made up of 128 GLH (of which 11 hours and 50 minutes are for the examination) and 372 hours private study.

Recommended Progression Routes

The Institute of Masters of Wine accepts the WSET Level 4 Diploma in Wines as a qualification for entry to the MW study programme.

D1 | Wine Production

Learning Outcome

1.1 Understand what the vine requires to produce and ripen grapes for wine production and how the growing environment influences the vine's ability to produce and ripen grapes.

Assessment Criteria

- 1.1.1 Describe the **anatomy of the vine**.
- 1.1.2 Explain how the **components of the grape** develop through the ripening process.
- 1.1.3 Explain the **vine's needs** throughout the **growth cycle** to **produce and ripen grapes** suitable for wine production.
- 1.1.4 Explain how the **growing environment** influences the vine's ability to **produce and ripen grapes** suitable for wine production.

Ranges

The vine	Anatomy of the vine Main shoots, one-year-old wood, permanent wood, roots	
	Components of the grape Water, sugar, acids, colour, tannin, aroma compounds, aroma precursors	
	Vine's needs Warmth, sunlight, water, nutrients, carbon dioxide	
	Growth cycle Dormancy, budburst, shoot and leaf growth, flowering, fruit set, grape berry formation, <i>véraison</i> , ripening, extra-ripening	
The growing environment	Factors affecting temperature and sunlight Latitude, altitude, slopes and aspect, proximity to water, winds, characteristics of the soil, clouds, mist and fog, diurnal range	
	Factors affecting water availability Rainfall, characteristics of the soil and land, evapotranspiration rate	
	Factors affecting nutrient availability Factors that affect water availability, soil pH, soil health, characteristics of the soil and land	
	Climate classifications Cool, moderate, warm, hot Continental, maritime, Mediterranean Other climate classification systems	
	Weather influences Rainfall, sunlight, warmth, wind, vintage variation	
	Climate change Threats and opportunities	
	Hazards Drought, excess of water, untimely rainfall, freeze, frosts, hail, sunburn, fire, smoke taint	
	Pests and diseases Phylloxera, nematodes, grape moths, spider mites, birds, mammals, fungal diseases, viruses and bacteria	
	The vine's ability to produce and ripen grapes	Yield per vine, health of vine and grapes, levels and balance of grape components, ripeness of aromas and flavours, grapes for sweet wines

Learning Outcome

1.2 Understand grape growing options.

Assessment Criteria

- 1.2.1 Describe the different **approaches to grape growing**.
- 1.2.2 Identify and describe **considerations in vineyard establishment**.
- 1.2.3 Describe **vineyard management options**.
- 1.2.4 Explain how **vineyard management options** relate to the growing environment.
- 1.2.5 Explain how **vineyard management options** influence the production and ripening of grapes.
- 1.2.6 Evaluate the **vineyard management options** that can influence the vine's ability to produce grapes for wines of different styles, quality levels and prices.

Ranges

Approaches to grape growing	Conventional, sustainable, organic, biodynamic, precision viticulture
Vineyard establishment considerations	Site selection, soil preparation, planting materials (choice of grape variety, clone and rootstocks), vineyard management options that may need consideration at time of vineyard establishment
Vineyard management options	<p>Planting materials and vine propagation Cutting, layering, clonal selection, mass selection, new grape varieties (crossings and hybrids), choice of grape variety, clone and rootstocks, head grafting, vine age</p> <hr/> <p>Managing nutrients and water Managing soil health, nutrient management, water management</p> <hr/> <p>Canopy management Aims of canopy management, canopy management techniques</p> <hr/> <p>Harvest Choosing the date of harvest, harvesting options, harvesting practices for sweet wines (drying grapes on the vine, drying grapes off the vine, noble rot, freezing grapes on the vine)</p> <hr/> <p>Managing hazards Options for drought, excess of water, untimely rainfall, freeze, frosts, hail, sunburn, fire, smoke taint</p> <hr/> <p>Managing pests and diseases Options for phylloxera, nematodes, grape moths, spider mites, birds, mammals, fungal diseases, viruses and bacteria</p>
Production and ripening of grapes	Yield per vine, yield per unit area, health of vine and grapes, levels and balance of grape components, ripeness of aromas and flavours
Style, quality and price	<p>Styles Styles of red, white, rosé wines, wines with residual sugar</p> <hr/> <p>Quality level Poor, acceptable, good, very good, outstanding</p> <hr/> <p>Price Inexpensive, mid-priced, premium, super-premium</p>

Learning Outcome

1.3 Understand winemaking options and how they influence the style, quality and price of wines.

Assessment Criteria

- 1.3.1 Explain how **wine components** contribute to wine style.
- 1.3.2 Describe **winemaking options** for red, white and rosé wines, and wines with residual sugar.
- 1.3.3 Explain and evaluate **winemaking options** that can influence the style, quality and price of wines.
- 1.3.4 Describe and explain **wine faults** and **quality control procedures**.

Ranges

Wine components	Water, alcohols, acids, wine aromatics, residual sugars, glycerol, phenolics
Winemaking options	<p>Approaches to winemaking Conventional, organic, biodynamic, natural</p> <hr/> <p>Transportation of grapes</p> <hr/> <p>Grape reception Sorting, destemming, chilling, crushing</p> <hr/> <p>Grape processing Extraction (skin contact, cold soaking, flash détente, thermovinification, short maceration for rosé wine), hyperoxidation, cryoextraction, pressing, oxygen, sulfur dioxide</p> <hr/> <p>Pre-fermentation clarification Sedimentation, clarifying agents, flotation, centrifugation</p> <hr/> <p>Must adjustments Must enrichment, acidification, deacidification</p> <hr/> <p>Alcoholic fermentation Temperature, vessel, yeast, crushed fruit fermentation (extraction, cap management, addition of whole bunches), must concentration, co-fermentation, whole berry/bunch fermentation (carbonic maceration, semi-carbonic maceration), stopping the fermentation to leave residual sugar</p> <hr/> <p>Malolactic conversion (MLF) Techniques for encouraging or avoiding MLF</p> <hr/> <p>Post-fermentation maceration and pressing</p> <hr/> <p>Adjustments Colour, acid, alcohol</p> <hr/> <p>Maturation and storage Oak vessels, neutral vessels, lees management, oak alternatives, micro-oxygenation, post-bottling maturation</p> <hr/> <p>Blending Reasons (balance, consistency, style, quality, price), addition of sweetening component</p> <hr/> <p>Post-fermentation clarification Sedimentation, fining, filtration, centrifugation</p> <hr/> <p>Stabilisation Tartrate, protein, microbiological</p> <hr/> <p>Other finishing options Sulfur dioxide, carbon dioxide, oxygen</p> <hr/> <p>Packaging and closures Oxygen management, packaging (glass bottle, plastic bottle, bag-in-box, 'bricks', pouches, cans), closures (natural cork, technical cork, synthetic closures, screwcap, glass stoppers)</p> <hr/> <p>Transportation of wine Bulk transportation or packaged</p>
Faults and quality control procedures	<p>Faults Cloudiness and hazes, tartrates, refermentation in bottle, cork taint, oxidation, volatile acidity, reduction, <i>brettanomyces</i></p> <hr/> <p>Quality control procedures Hygiene in the winery, HACCP, ISO, traceability</p>

Assessment

Duration: 1½ hours

Question type: Open-response

Note

- On-demand examination, capped at 15 examination dates per APP per academic year.
- Two set resit dates per year in October and March.

D2 | Wine Business

Learning Outcome

2.1 Understand the factors that contribute to the price of wine.

Assessment Criteria

- 2.1.1 Explain how **supply and demand** influence the price of wine.
- 2.1.2 Explain how **costs** associated with **grape growing, winemaking, transportation, importation**, and **sales and marketing** contribute to the price of wine.
- 2.1.3 Describe how **legislation** and fluctuations in **currency exchange** influence costs and how the impact of these can be limited.

Ranges

Supply and demand	Supply Production (areas under vine, the growing environment, grape growing and winemaking), legislation
	Demand Social factors, economic factors, legislative and political factors
Costs	Grape growing costs Vineyard establishment, vineyard management
	Winemaking costs Winery establishment, general winemaking, maturation, packaging costs
	Transportation costs Types of transportation, bulk transportation, insurance
	Importation costs Taxes and duties, distributors' margin
	Sales costs Property costs, labour, equipment and materials, storage costs, delivery costs, margin at the point of sale
	Marketing costs Labour (in-house vs third party), design and production of bottles and labels, marketing campaign
Legislation	Tax, duty, trade barriers, subsidies, minimum pricing, labelling laws
Currency exchange	Influence of fluctuations on costs, methods to limit impact (fixing the price, fixing the exchange rate, options, buying foreign currency, trading in US\$/€, other bank accounts)

Learning Outcome

2.2 Understand the types of businesses engaged in the production of wine and options for getting wine to the point of sale.

Assessment Criteria

2.2.1 Evaluate the different **types of businesses engaged in the production of wine**.

2.2.2 Evaluate different **options for getting wine to the point of sale**.

Ranges

Types of businesses engaged in the production of wine	Estate, grower, grower-producer, merchant, co-operative, custom crush facility, virtual winery, conglomerate
Options for getting wine to the point of sale	Importing and distributing options Distributor, joint venture, use a broker, direct to seller
	Retail options Supermarket, deep discounter, convenience, specialist wine retailers, hybrid, online retailer, global travel retailer, wine investment, monopoly retailer
	HoReCa options Bars (specialist, general), restaurants (non-destination, casual, fine dining)
	Direct to consumer Cellar door, events, wine club, online
	Types of market Free market, monopoly, three-tier system

Learning Outcome

2.3 Understand key considerations in wine marketing.

Assessment Criterion

2.3.1 Explain key **considerations in wine marketing**.

Ranges

Considerations in wine marketing	Marketing concepts Identifying the product/brand to be marketed, analysing the current market, identifying the target consumer, setting the objectives of the marketing strategy, devising the marketing strategy (the marketing mix: 5Ps and marketing options)
---	--

Assessment

Duration: 1 hour

Question type: Open-response

Note

- Four set dates per academic year in October, January, March and June.

D3 | Wines of the World

Learning Outcome

3.1 Understand how the growing environment, grape growing options, winemaking options, wine law and regulation, and wine business influence the style, quality and price of the principal wines of the world.

Assessment Criteria

- 3.1.1 Describe the wines from the **principal wine regions** in terms of style, quality and price.
- 3.1.2 Describe the **growing environment, grape growing options** and **winemaking options** involved in the production of the wines from the **principal wine regions**.
- 3.1.3 Explain how the **growing environment, grape growing options** and **winemaking options** influence the style, quality and price of the wines from the **principal wine regions**.
- 3.1.4 Evaluate the **growing environment, grape growing options** and **winemaking options** that can influence the style, quality and price of the wines from the **principal wine regions**.
- 3.1.5 Compare the style, quality and price of the wines from the **principal wine regions** in terms of the **growing environment, grape growing options** and **winemaking options**.
- 3.1.6 Explain how **wine law and regulation** and **wine business** influence the style, quality and price of the wines from the **principal wine regions**.
- 3.1.7 Evaluate the different **options for getting wine from the principal wine regions to the point of sale**.

Ranges

Principal wine regions	<p>France <i>Bordeaux, Burgundy, Beaujolais, Alsace, the Loire Valley, the Rhône Valley, South of France, South West France, Jura</i></p> <hr/> <p>Germany <i>Ahr, Mosel, Nahe, Rheingau, Rheinhessen, Pfalz, Baden, Franken, Württemberg</i></p> <hr/> <p>Austria <i>Niederösterreich, Burgenland, Steiermark</i></p> <hr/> <p>Hungary <i>Tokaj</i></p> <hr/> <p>Greece <i>Macedonia, Peloponnese, the Islands</i></p> <hr/> <p>Italy <i>Trentino-Alto Adige, Friuli-Venezia Giulia, Veneto, Piemonte, Tuscany, Marche, Umbria, Lazio, Abruzzo, Campania, Puglia, Basilicata, Sicily, Sardinia</i></p> <hr/> <p>Spain <i>Catalunya, Valencia, Murcia, Aragón, Castilla-La Mancha, Castilla y León, La Rioja, Navarra, Galicia</i></p> <hr/> <p>Portugal <i>Vinho Verde, Douro, Dão, Bairrada, Alentejo, Lisboa, Península de Setúbal, Tejo</i></p> <hr/> <p>USA <i>California, Oregon, Washington, New York</i></p> <hr/> <p>Canada <i>Ontario, British Columbia</i></p> <hr/> <p>Chile <i>Coquimbo, Aconcagua, Central Valley, Southern Region</i></p> <hr/> <p>Argentina <i>Salta, San Juan, Mendoza, Patagonia</i></p> <hr/> <p>South Africa <i>Western Cape: Coastal Region, Breede River Valley, Cape South Coast, Olifants River</i></p> <hr/> <p>Australia <i>South Eastern Australia: South Australia, Victoria, New South Wales, Tasmania; Western Australia</i></p> <hr/> <p>New Zealand <i>North Island, South Island</i></p> <hr/> <p>China</p>
The growing environment	Factors affecting temperature, sunlight, water availability and nutrient availability; weather; hazards; pests and diseases
Grape growing options	Considerations in vineyard establishment, planting materials, managing nutrients and water, canopy management, harvest, managing hazards, managing pests and diseases

Winemaking options	Approaches to winemaking, transportation of grapes, grape reception, grape processing, pre-fermentation clarification, must adjustments, alcoholic fermentation, malolactic conversion (MLF), extraction and pressing, adjustments, maturation, blending, post-fermentation clarification, stabilisation, finishing options, packaging and closures, transportation of wine
Wine law and regulation	International, national and local legislation, industry associations, GI, PDO, PGI, wines without geographical indicator, labelling terms
Wine business	<p>Factors that contribute to the price of wines Supply, demand, costs, legislation, currency exchange</p> <p>Types of businesses engaged in the production of wine Grower, estate, broker, merchant, winery, virtual winery, custom crush facility, co-operative, conglomerate</p> <p>Options for getting wine from the principal wine regions to the point of sale Importing options, retail options, HoReCa options, direct to consumer, types of market</p> <p>Marketing considerations Types of wine brand, marketing concepts, marketing options, 5Ps</p>

Learning Outcome

3.2 Demonstrate the ability to taste and evaluate wines from the principal wine regions accurately.

Assessment Criterion

3.2.1 Describe and evaluate the wines from the **principal wine regions** using the **WSET Level 4 Systematic Approach to Tasting Wine**.

Range

WSET Level 4 Systematic Approach to Tasting Wine

Assessment

Examination Day 1

Exam 1

Duration: 2 hours

Question types: Open-response

Exam 2

Duration: 1-hour 20 minutes

Question types: Open-response

Examination Day 2

Exam 1

Duration: 1½ hours

Question type: Blind tasting of 6 wines

Exam 2

Duration: 1½ hours

Question type: Blind tasting of 6 wines

Note

- Two set dates per academic year in October and May.

D4 | Sparkling Wines

Learning Outcome

4.1 Understand how the growing environment, grape growing options, winemaking options, industry associations and labelling terms, and wine business influence the style, quality and price of the principal sparkling wines of the world.

Assessment Criteria

- 4.1.1 Describe the **principal sparkling wines** in terms of style, quality and price.
- 4.1.2 Describe the **growing environment, grape growing options** and **winemaking options** involved in the production of the **principal sparkling wines**.
- 4.1.3 Explain how the **growing environment, grape growing options** and **winemaking options** influence the style, quality and price of the **principal sparkling wines**.
- 4.1.4 Compare the style, quality and price of the **principal sparkling wines** in terms of the **growing environment, grape growing options** and **winemaking options**.
- 4.1.5 Explain how **industry associations and labelling terms** and **wine business** influence the style, quality and price of the **principal sparkling wines**.

Ranges

Principal sparkling wines	Australia	<i>South Australia, Victoria, Tasmania, South Eastern Australia</i>
	France	<i>Champagne, Crémant (Alsace, Bourgogne, Loire), Saumur, Vouvray</i>
	Germany	<i>Sekt, Riesling Sekt</i>
	Italy	<i>Asti, Franciacorta, Lambrusco, Prosecco, Trentodoc</i>
	New Zealand	
	South Africa	
	South America	<i>Chile, Argentina</i>
	Spain	<i>Cava</i>
	UK	<i>England and Wales</i>
	USA	<i>California, Oregon, Washington State</i>
The growing environment	Factors affecting temperature, sunlight, water availability and nutrient availability; weather; hazards; pests and diseases	
Grape growing options	Considerations in vineyard establishment, planting materials, managing nutrients and water, canopy management, harvest, managing hazards, managing pests and diseases	
Winemaking options	Methods	Traditional, transfer, tank, Asti, carbonation, <i>pétillant naturel</i>
	Pressing	Whole bunch pressing, free run, press juice
	Pre-fermentation extraction	Skin contact
	Type of fermentation vessel	Neutral, oak (size and age)
	Primary fermentation	Fermentation temperature, yeast, stopping
	Malolactic conversion (MLF)	
	Blending	Reasons for blending, reserve wines
	Secondary fermentation	Fermentation temperature, yeast, stopping fermentation, type of vessel, time on lees, disgorgement

	<p>Post-fermentation clarification Fining, filtering</p> <hr/> <p>Finishing options Dosage, packaging, closures</p>
Industry associations and labelling terms	<p>Industry associations Comité Champagne, Consejo Regulador del Cava, Cap Classique Association</p> <hr/> <p>Labelling terms European sweetness terms, PDOs, GIs Labelling terms used for sparkling wines in France, Germany, Spain, Italy, UK, USA, Chile, Argentina, South Africa, Australia, New Zealand</p>
Wine business	<p>Factors that contribute to the price of the principal sparkling wines Supply, demand, costs</p> <hr/> <p>Types of businesses engaged in the production of the principal sparkling wines Grower, estate, merchant, co-operative, conglomerate</p> <hr/> <p>Marketing considerations Types of wine brand, marketing concepts, price, product, people, placement, promotion</p>

Learning Outcome

4.2 Demonstrate the ability to taste and evaluate sparkling wines accurately.

Assessment Criterion

4.2.1 Describe and evaluate the principal sparkling wines using the **WSET Level 4 Systematic Approach to Tasting Wine**.

Range

WSET Level 4 Systematic Approach to Tasting Wine

Assessment

Duration: 1½ hours

Question types: Open-response / blind tasting of 3 wines

Note

- Three set dates per academic year in October, January and June.

D5 | Fortified Wines

Learning Outcome

5.1 Understand how the growing environment, grape growing options, winemaking options, industry associations and labelling terms, and wine business influence the style, quality and price of the principal fortified wines of the world.

Assessment Criteria

- 5.1.1 Describe the **principal fortified wines** in terms of style, quality and price.
- 5.1.2 Describe the **growing environment, grape growing options** and **winemaking options** involved in the production of the **principal fortified wines**.
- 5.1.3 Explain how the **growing environment, grape growing options** and **winemaking options** influence the style, quality and price of the **principal fortified wines**.
- 5.1.4 Compare the style, quality and price of the **principal fortified wines** in terms of the **growing environment, grape growing options** and **winemaking options**.
- 5.1.5 Explain how **industry associations and labelling terms** and **wine business** influence the style, quality and price of the **principal fortified wines**.

Ranges

Principal fortified wines	Australia	<i>Rutherglen Muscat</i>
	France	<i>Vins Doux Naturels (fortified Grenache, fortified Muscat)</i>
	Portugal	<i>Madeira, Port</i>
	Spain	<i>Sherry</i>
The growing environment	Factors affecting temperature, sunlight, water availability and nutrient availability; weather; hazards; pests and diseases	
Grape growing options	Considerations in vineyard establishment, planting materials, managing nutrients and water, canopy management, harvest, managing hazards, managing pests and diseases	
Winemaking options	Crushing	
	Pressing	Free run, press juice
	Pre-fermentation extraction	Methods of extraction
	Must adjustments	Type of adjustments and reasons for adjustments
	Type of fermentation vessel	Neutral, oak (size and age)
	Fermentation	Fermentation temperatures, residual sugar levels
	Fortification	Timing and type of spirit
	Extraction during fermentation	Methods of extraction
	Classifications	Style and quality
	Type of vessel for storage and maturation	Neutral, oak (size and age), bottle
	Maturation method	Static, fractional (<i>solera</i>), bottle-aged

	<p>Maturation conditions Oxidative, biological, application of heat (maderisation), post-bottling maturation</p> <p>Blending Reasons for blending, addition of sweetening component</p> <p>Post-fermentation clarification Fining, filtering</p>
Industry associations and labelling terms	<p>Industry associations Consejo Regulador de Jerez, IVDP, IVBAM, The Muscat of Rutherglen Network</p> <p>Labelling terms PDOs Labelling terms used in Sherry, Port, Madeira, Vins Doux Naturels, Rutherglen Muscat</p>
Wine business	<p>Factors that contribute to the price of the principal fortified wines Supply, demand, costs</p> <p>Types of businesses engaged in the production of the principal fortified wines Grower, estate, merchant, co-operative, conglomerate</p> <p>Marketing considerations Types of wine brand, marketing concepts, price, product, people, placement, promotion</p>

Learning Outcome

5.2 Demonstrate the ability to taste and evaluate fortified wines accurately.

Assessment Criterion

5.2.1 Describe and evaluate the principal fortified wines using the **WSET Level 4 Systematic Approach to Tasting Wine**.

Range

WSET Level 4 Systematic Approach to Tasting Wine

Assessment

Duration: 1½ hours

Question types: Open-response / blind tasting of 3 wines

Note

- Three set dates per academic year in October, January and June.

D6 | Independent Research Assignment

Learning Outcome

6.1 Research a specified wine-related subject.

Assessment Criteria

- 6.1.1 Demonstrate knowledge and understanding of the specified subject, using relevant source material.
- 6.1.2 Evaluate relevant source material to develop ideas and arguments and to reach informed conclusions.
- 6.1.3 Produce a Research Assignment in accordance with required standards of written presentation as set out in the assignment brief.

Assessment

Question type: One research assignment of 3,000 words. Research Assignment topics may be outside the Specification for the other Units and students will be expected to research outside the Diploma eBooks.

Note

- Two titles released on 1 August of each academic year.
- Submission dates
 - Title 1:** 31 January within the same academic year.
 - Title 2:** 31 July within the same academic year.

WSET Level 4 Systematic Approach to Tasting Wine

APPEARANCE	
Intensity	pale – medium – deep
Colour	white lemon – gold – amber – brown rosé pink – pink-orange – orange red purple – ruby – garnet – tawny
NOSE	
Intensity	light – medium(-) – medium – medium(+) – pronounced
Aroma characteristics	e.g. primary, secondary, tertiary
PALATE	
Sweetness	dry – off-dry – medium-dry – medium-sweet – sweet
Acidity	low – medium(-) – medium – medium(+) – high
Tannin	level low – medium(-) – medium – medium(+) – high nature e.g. ripe, soft, smooth, unripe, green, coarse, stalky, chalky, fine-grained
Alcohol	low – medium – high
Body	light – medium(-) – medium – medium(+) – full
Flavour intensity	light – medium(-) – medium – medium(+) – pronounced
Flavour characteristics	e.g. primary, secondary, tertiary
Other observations	e.g. texture (e.g. oily, creamy – austere, luscious), pétillance (still wines only)
Finish	short – medium(-) – medium – medium(+) – long
CONCLUSIONS	
Quality assessment	poor – acceptable – good – very good – outstanding (an explanation supporting the assessment of a wine's quality will be required)
Bottle ageing	suitable for bottle ageing – not suitable for bottle ageing (an explanation supporting the assessment of a wine's suitability for bottle ageing will be required)

Notes to students:

For lines where the entries are separated by a hyphen – You must select one and only one of these options.

For lines starting with 'e.g.' where the entries are separated with commas – These are entries that you should consider when writing your tasting note. You may not need to comment on each entry for every wine.

Recommended Tasting Samples

This is a list of the recommended tasting samples students should use when studying for the WSET Level 4 Diploma in Wines. The wines in the examination are not restricted to this list and can be selected from any producing area identified in the relevant section of the Specification.

D1 | Wine Production

The growing environment	<p>Use two wines from the same grape variety and of the same quality level from two contrasting regions demonstrating how climate influences the style of wine produced.</p> <p><i>examples:</i></p> <ol style="list-style-type: none"> 1. Pinot Noir from Burgundy of very good quality <i>e.g.</i> Nuits-Saint-Georges <i>Premier Cru</i> 2. Pinot Noir from any other contrasting region of very good quality <i>e.g.</i> Walker Bay Pinot Noir
White winemaking	<p>Use three wines to demonstrate how white winemaking options impact on the style, quality and price of the wine produced.</p> <p><i>examples:</i></p> <ol style="list-style-type: none"> 1. Wine with noticeable skin contact <i>e.g.</i> orange wine 2. Wine that clearly shows a number of winemaking techniques (<i>e.g.</i> obvious oak and MLF) 3. Botrytised sweet wine
Red and rosé winemaking	<p>Use two red and two rosé wines to demonstrate how red and rosé winemaking options impact on the style, quality and price of the wine produced.</p> <p><i>examples:</i></p> <ol style="list-style-type: none"> 1. Any red wine that has whole bunch/berry fermentation in its production process of very good or outstanding quality 2. Any red wine that has a high level of extraction in its production process of very good or outstanding quality 3. Any dry rosé of good or very good quality 4. Any rosé with contrasting production techniques to Wine 3 <i>e.g.</i> residual sugar, blend of white and black varieties etc., of good quality

D3 | Wines of the World

WINE REGION	ESSENTIAL SAMPLES	OPTIONAL SAMPLES
Alsace	<ol style="list-style-type: none"> 1. Muscat or Pinot Blanc of good or very good quality 2. Riesling of good quality 3. Riesling <i>Grand Cru</i> of very good or outstanding quality 4. Pinot Gris (<i>Grand Cru</i> optional) of very good or outstanding quality 5. Gewurztraminer (<i>Grand Cru</i> optional) of very good or outstanding quality 6. <i>Vendanges Tardives</i> (any permitted variety) of very good or outstanding quality 	<p>Pinot Noir of good or very good quality. Sylvaner of good or very good quality. <i>Sélection de Grain Nobles</i> of very good or outstanding quality.</p>
Bordeaux	<p>White</p> <ol style="list-style-type: none"> 1. Sauvignon Blanc Bordeaux AOC of good quality 2. Graves or Pessac-Léognan of very good or outstanding quality 3. Sauternes or Barsac of very good or outstanding quality <p>Red</p> <p><i>Group 1</i></p> <ol style="list-style-type: none"> 1. Bordeaux AOC of acceptable quality 2. Examination Guidance

Examination Administration

Examinations are conducted by WSET Approved Programme Providers (APPs). APPs must comply with WSET policies and procedures as set out in the APP Handbook and the APP Diploma Guidelines.

Assessment Method

The WSET Level 4 Diploma in Wines is divided into six mandatory Units. A Unit is defined as the smallest part of a qualification that can be individually assessed and accredited. The unitised format of the Diploma qualification allows for flexibility in the timing of assessments at the discretion of the APP; each Unit assessment will be scheduled at least once in any academic year. Candidates should contact their APP for details of their assessment schedule.

All examinations are set by WSET Awards and the questions are based on the published learning outcomes for each Unit.

For the tasting papers the examiners can select wines from any producing area identified in the relevant section of the Specification. They are not restricted to the recommended tasting samples.

Unit Assessment Format (Units D1 – D6 are mandatory)

UNIT TITLE	UNIT ASSESSMENT
D1 Wine Production <i>20% Weighting</i>	Assessed by an open-response paper that is to be completed in 90 minutes. Arranged at the discretion of the APP. Resit examinations will be held on two set dates per academic year in October and March. Candidates must sit the D1 examination before progressing to other units.
D2 Wine Business <i>10% Weighting</i>	Assessed by an open-response paper that is to be completed in 60 minutes. The examination will be held on four set dates per academic year in October, January, March and June.
D3 Wines of the World <i>50% Weighting</i>	Assessed by a theory and tasting examination to be held over two consecutive days. The examination will consist of: <ul style="list-style-type: none"> • Day one – A two-part theory exam formed of open-response questions to be completed in 3 hours 20 minutes (one 2-hour paper and one 80-minute paper). • Day two – A two-part tasting exam of 12 wines to be completed in 3 hours (two 1-hour-30-minute papers). The examination will be held on two set dates per academic year in October and May. D3 must be sat in its entirety (theory and tasting papers) on the two consecutive days. Resit candidates who previously sat D3 must sit all failed assessments in their entirety on two consecutive days, however any previously passed assessment (theory or tasting) will be carried forward and such candidates need only resit the failed assessment.
D4 Sparkling Wines <i>5% Weighting</i>	Assessed by an open-response paper and a tasting of three wines that is to be completed in 90-minutes. The examination will be held on three set dates per academic year in October, January and June.
D5 Fortified Wines <i>5% Weighting</i>	Assessed by an open-response paper and a tasting of three wines that is to be completed in 90-minutes. The examination will be held on three set dates per academic year in October, January and June.
D6 Independent Research Assignment <i>10% Weighting</i>	Assessed by one research assignment of 3,000 words. Two titles will be released on 1 August each academic year with two set submission dates: <ul style="list-style-type: none"> • Title 1 – 31 January within the same academic year. • Title 2 – 31 July within the same academic year. The Independent Research Assignments will be designed to assess the candidate's ability to research beyond the WSET learning materials provided and evaluate current trends in wine. The subject matter could be outside the Specifications of the other Units.

Examination Regulations

1. Entry Requirements

1.1. Eligibility

1.1.1 Candidates applying to sit the Diploma examinations must be over the legal minimum age for the retail purchase of alcoholic beverages in the country where the examination is being held, or be preparing for the examination as part of a recognised full-time programme of study, or have obtained consent from their parents or legal guardians.

1.1.2 Candidates who are under the legal minimum age for the retail purchase of alcoholic beverages in the country where the examination is being held, or those who choose not to taste alcohol for health or religious reasons, will not be allowed/required to sample any alcoholic beverage as part of their course. These candidates will not be eligible to complete the examination for D3, D4 & D5 of the WSET Level 4 Diploma in Wines. In such instances, candidates will receive a record of achievement on successful completion of D1, D2, D6 and the theory paper of D3, but will not be awarded the WSET Level 4 Diploma in Wines.

1.1.3 Candidates must enrol with an APP as a Diploma student before registering for any examination. Registration will be valid for a period of three years.

1.2. Recommended prior learning

1.2.1 For entry onto the WSET Level 4 Diploma in Wines, candidates **must** hold either the WSET Level 3 Award in Wines or the WSET Level 3 Award in Wines and Spirits.

1.2.2 Candidates sitting where English is not their first language are strongly recommended to have IELTS at 6.5 or above or be able to demonstrate an equivalent ability level.

1.2.3 It is strongly recommended that candidates read the documents in the Resources section of the online area; this provides key guidance on how to approach the theory and tasting examinations.

2. Registration for Examinations

2.1 Candidates can obtain registration dates for D1, D2, D3, D4 and D5 examinations and the D6 Independent Research Assignment from their APP.

2.2 No deferral of examinations/Independent Research Assignments is permitted once registration has been completed. In the case of extenuating circumstances please contact your APP.

Please note that examination fees are non-refundable following registration as an examination candidate.

3. Reasonable Adjustments

3.1 Examination candidates who have special examination requirements that are supported by an independent written assessment are requested to notify the examinations officer at their APP of any such requirement at the time of enrolment for each Unit. Further guidance for examination officers and candidates is available from WSET Awards as required.

3.2 It is the policy of WSET Awards that such candidates should not be placed at a disadvantage in the examinations.

3.3 Candidates are responsible for informing their APP of any such requirement at the time of registration for the examination.

4. Submission of the Independent Research Assignment

4.1 Independent Research Assignments not submitted by the relevant submission date will be

automatically classed as Fail. Candidates will forfeit their examination fee and must re-register for an alternative submission date.

4.2 Candidates classified Fail for any Independent Research Assignment must apply to resubmit a new assignment title.

4.3 Candidates have two opportunities to submit the Independent Research Assignment each academic year. There will be two different titles released at the start of the academic year, one for each submission date. A candidate cannot complete the title for the January submission and submit in July.

4.4 Independent Research Assignments must only contain the candidate number; no submission should include the candidate's name.

5. Results

5.1 For each Unit WSET Awards will issue an electronic all-candidate grade list to the APP so that they can communicate results to their candidates. These grade lists will be issued within the following timeframes:

Unit Title	Results Delivery
D1 Wine Production	10 weeks after the exam
D2 Wine Business	10 weeks after the exam
D3 Wines of the World	12 weeks after the exam
D4 Sparkling Wines	10 weeks after the exam
D5 Fortified Wines	10 weeks after the exam
D6 Independent Research Assignment	12 weeks after the submission deadline

WSET Awards posts candidates' letters and record of achievement to APPs, who are responsible for forwarding these documents to their candidates.

5.2 Marks for individual Units will be given to the nearest percentage point and results will be graded as follows:

Percentage Mark	Grade
75% and above	Pass with distinction
65% to 74%	Pass with merit
55% to 64%	Pass
45% to 54%	Fail
Below 45%	Fail unclassified

For Units D1, D2 and D6 the grade issued will be based on the percentage mark achieved in the assessment.

For Units D4 and D5 the grade issued will be based on the overall percentage mark achieved in the assessment as an aggregate of the open-response and tasting components. A minimum of 45% must be achieved in **both** the open-response and tasting components, with a minimum aggregate percentage of 55%, to qualify for a Pass grade and above.

For Unit D3 the grade issued will be based on the overall percentage mark achieved in the assessment as an aggregate of the open-response and tasting components. A minimum of 55% must be achieved in **both** the open-response and tasting components to qualify for a Pass grade and above.

6. Resits

6.1 Candidates may apply to retake failed Units. There is no limit on the number of attempts that may be made.

6.2 Candidates who have passed Units are not permitted to retake these to improve their grade.

7. Unit weighting

Weighting is applied to each Unit as follows:

Unit Title	Weighting
D1 Wine Production	20%
D2 Wine Business	10%
D3 Wines of the World	50%
D4 Sparkling Wines	5%
D5 Fortified Wines	5%
D6 Independent Research Assignment	10%

8. Validity of Passes

Unit passes remain valid for the three-year registration period. At the end of the registration period candidates may re-register and the continuing validity of any passes they have gained will be reviewed against the current Specification.

9. Requirements for a Pass, Pass with Merit and Pass with Distinction

9.1 To gain the WSET Level 4 Diploma in Wines, a minimum of a pass is required in each of the six Units.

9.2 A Pass will be awarded to candidates who achieve a minimum of a pass in each Unit and an aggregate weighted percentage of between 55% and 64%.

9.3 A Pass with Merit will be awarded to candidates who achieve a minimum of a pass in each Unit and an aggregate weighted percentage of between 65% and 74%.

9.4 A Pass with Distinction will be awarded to candidates who achieve a minimum of a pass in each Unit and an aggregate weighted percentage of 75% or above.

10. Diploma Graduates

10.1 Upon successfully passing the WSET Diploma, candidates are entitled to use the post-nominals **DipWSET** after their name. Graduates are also able to join WSET's Alumni Body, which offers access to specialised content and networking events designed to support continued learning.

11. Examination Conditions and Conduct

11.1 Upon registration for an examination, candidates are deemed to acknowledge and agree to the following specific conditions:

- at the start of the examination all candidates must supply the invigilator with proof of identity in the form of photographic ID;
- the examination is to be completed in the time specified for each paper;
- no reference is to be made to any material, in whatever form, other than the examination question paper and answer sheet;
- once the invigilator has declared that examination conditions are in place, no communication of any kind between candidates is permitted until they have left the examination room or the invigilator has announced the end of the examination;

- during the examination candidates are only permitted to have the following items with them: tasting glasses, spittoon, pens, pencils, erasers, stapler and drinking water;
- it is prohibited for candidates to take any photographs of the examination room or examination materials;
- for tasting examinations candidates should not wear perfume, aftershave lotion or any other strong scent;
- the use of electronic devices of any kind is prohibited;
- mobile phones must not be on the examination desk, they must be switched off and placed out of sight;
- the use of dictionaries of any kind is prohibited;
- the use of audible 'alarms' on any clock or watch is prohibited;
- candidates may not leave the room until the first 15 minutes of the examination time have elapsed;
- candidates who arrive late may be allowed to enter the room at the discretion of the invigilator and only if other candidates are not compromised. Under normal circumstances we would not expect any candidate to be allowed to start the examination if they arrive more than 30 minutes after the published start time;
- candidates who arrive after the published start time will NOT be allowed to sit the examination if any other candidate has already left the examination;
- candidates may not leave, and then return to, the examination room once the examination has started unless they can be accompanied by an invigilator at all times while they are out of the examination room;
- candidates who complete the examination/assessment early may leave the examination room up until the last 10 minutes, providing they do not disturb other candidates; no re-admission is permitted;
- invigilators have no authority to comment upon, interpret, or express an opinion on any examination question;
- any candidate who is suspected of misconduct will be advised to leave the examination hall immediately and their examination paper will be submitted to the Examination Panel to determine its validity;
- no examination question papers are to be removed from the examination room; candidates who fail to submit the question paper with their answer sheet will be deemed guilty of misconduct;
- it is prohibited for candidates to reveal the content of examination papers to others, or reproduce it in any way.

11.2 Candidates agree to abide by the invigilator's instructions. Failure to do so may render a candidate's results invalid.

11.3 WSET reserves the right to permanently exclude candidates found guilty of misconduct from WSET qualifications.

11.4 Examination papers submitted for marking become the property of WSET Awards and will not be returned to candidates.

12. Examination Feedback, Enquiries and Appeals

12.1 Candidates requiring an enquiry (re-mark) or an enquiry and feedback on their examination paper should contact their APP and request a Diploma Enquiry and Feedback Form. An enquiry with feedback can only be requested for fail grades. The form must be completed and submitted to WSET Awards along with the appropriate fee within 15 working days of the issue of results by WSET Awards to the APP. Any request received outside this time-frame will not be reviewed. Enquiries and feedbacks will be issued within 12 weeks of receipt by WSET Awards.

12.2 Any candidate dissatisfied with the result of an enquiry of an examination paper should contact the APP and request an Appeal against Enquiry Application Form, which must be completed and returned to WSET Awards, together with the appropriate fee, no more than 10 working days following notification of the enquiry decision. Appeals received outside this time-frame will not be reviewed. Appeals will be issued within 12 weeks of receipt by WSET Awards.

13. Candidate Satisfaction

13.1 Should any candidate have concerns that their APP is not providing the service that they expect, or is behaving in a way that is inconsistent with the standards required in terms of administration, tuition or examinations they should first make a complaint with their APP. If this does not lead to a satisfactory resolution, candidates are asked to contact our Quality Assurance Team by emailing qa@wsetglobal.com. Please note that all complaints will be dealt with confidentially, but WSET Awards cannot act on anonymous complaints.

14. Examination Regulations

14.1 WSET Awards reserves the right to add to or alter any part of the Specification as it thinks fit.

WSET Qualifications

WSET Qualifications

WSET has a range of qualifications that cover sake and spirits as well as wine. These are developed and maintained by WSET Awards. In full, the qualifications are:

WSET® Level 1 Award in Wines (600/1504/4)

WSET® Level 1 Award in Spirits (600/1501/9)

WSET® Level 1 Award in Sake (603/2051/5)

WSET® Level 2 Award in Wines (603/4432/5)

WSET® Level 2 Award in Spirits (600/1507/X)

WSET® Level 3 Award in Wines (601/6352/5)

WSET® Level 3 Award in Spirits

WSET® Level 3 Award in Sake (603/2066/7)

WSET® Level 4 Diploma in Wines

More information about all of these qualifications can be found on the WSET website wsetglobal.com.

Who can offer a WSET Qualification?

WSET qualifications can only be offered by APPs, and students wishing to study for a WSET qualification must enrol with an APP. A student's primary relationship is with their APP and the APP is responsible for the delivery of the course and administering the examination, which is set by WSET Awards.

Group study with an APP is the best way of learning how to taste, but some APPs also prepare candidates for our examinations by distance learning.

A list of APPs is published on the WSET website wsetglobal.com. Please contact the APP directly to find out about their programmes.

If you are interested in becoming an APP please contact the Quality Assurance Team, by emailing qa@wsetglobal.com

WSET Awards

About WSET Awards

WSET Awards is the division of the Wine & Spirit Education Trust responsible for the creation, processing and quality assurance of assessments leading to WSET qualifications. It is recognised as an awarding organisation by Ofqual, the English regulator for qualifications and examinations.

WSET Awards operates a Quality Management System that complies with the requirements of **BS EN ISO 9001** for the management of awards for qualifications and examinations in the product knowledge and tasting competence of alcoholic beverages.

Diversity and Equality Policy

WSET Awards fully supports the principle of diversity and equality and is responsible for ensuring that all candidates for its qualifications are treated fairly and on an equal basis. A copy of our diversity and equality policy can be obtained from the Quality Assurance Team by emailing qa@wsetglobal.com

Customer Service Statement

The quality and scope of service that customers can expect from WSET Awards is published in our Customer Service Statement. A copy can be obtained from the Quality Assurance Team by emailing qa@wsetglobal.com

In the unlikely event of any dissatisfaction with the service received, please contact the registered APP in the first instance. If the issue is not resolved, please contact the Quality Assurance Team by emailing qa@wsetglobal.com

WSET Prizes

Prizes are awarded each academic year, 1 August to 31 July, in recognition of academic achievement. Candidates who have achieved outstanding marks in their examinations may be eligible for a prize, in accordance with the prize criteria. Candidates will be contacted by WSET Awards in October or November each year should they be eligible for a prize. For more details on the prizes available, please go to: <https://www.wsetglobal.com/about-us/awards-bursaries/>

Note that these prizes do not take the form of financial grants to fund studies, but are in recognition of examination performance.
