ITINERARY | DAY 2

TUESDAY, SEPTEMBER 29TH – THE SOUTHEASTERN SLOPES OF THE “MUNTAGNA”

We try to never leave too early allowing for a relaxed breakfast.

10.00 am Depart hotel

VISIT TO THE MINERAL RICH VINEYARDS OF VIAGRANDE.

Our luxury bus will take us on a scenic one -hour drive above the shimmering Ionian Sea where a dramatic mix of ancient volcanic terrain and lush vegetation grows among ancient collapsed and eroded lava fields. The fertile soils support citrus and olive groves and of course vineyards. Each slope of the volcano has its own history. It was just a few miles North of here that here in the Bove Valley that the first DOC wine denomination of Sicily was born.

VISIT AND LUNCH AT BENANTI VITICOLTORI

The remarkable family-owned BENANTI estate is located between Catania and Taormina. Caressed by the sea breezes its sandy volcanic soils are some of the oldest in the area still farmed by the Benanti family, whose pioneering work established them in the forefront of Etna wine-production.. These Contrade wines are very specific to their various vineyard locations and offer a unique insight which we will have the opportunity to share and enjoy over a private lunch at the estate. www.Benanti.it

VISIT AND TASTING AT TERRA COSTANTINO

A short ride from Benanti takes us to the boutique Terra Costantino. This was the very first Organic winery on Etna. The building itself is of Bio-architectural significance constructed under the hillside. A range of expressive Contrade estate wines will be made available for us to taste enabling a fascinating comparison of approach between the two wineries we visit.

CURATED - VISIT TO RADICEPURA BOTANIC GARDENS

Returning to Catania we descend towards the coast where we have arranged for a curated visit to Radicepura Botanic Gardens. This five -hectare estate close to the ancient port of Riposto transcend the notion of time, being a permanent and mesmerising array of over 5000 varieties of plants and 3000 species originally laid out by the Sicilian Faro family.

On conclusion of this visit we will return to the hotel in Catania arriving around 6pm. www.radicepura.it

WEDNESDAY, SEPTEMBER 30TH – THE MAGIFICENCE OF TAORMINA

The varied programme of the previous 2 days prompts many reflections at the breakfast table before it's time to check out.

09:45 Porters to collect luggage from the lobby

10:00 am – Depart for Taormina.

TOURING TAORMINA

Taormina is perhaps the most dramatic and beautiful hilltop town on the coast of Sicily. Enjoy the “White Lotus” lifestyle with stunning views of the shimmering sea and Mount Etna. Taormina is most famous for its UNESCO listed ridge topping Greco-Roman Theatre which is still in use today and which has featured in many films. You will be taken on a private tour of the theatre before being treated to a “Grand Tour” experience with a wine paired lunch at the exclusive restaurant Timeo on the cliff side. A little free time is planned for you to wander the fashionable Corso Umberto and explore the narrow stone alleyways and gardens of this city. Around almost every corner the views offer countless photographic opportunities!

Our bus will depart from Porta Messina in Taormina at 3.30pm

DESTINATION ETNA NATURAL PARK

CHECK-IN AT THE VILLA NERI RESORT AND SPA

ITINERARY | DAY 4

THURSDAY, OCTOBER 1ST - WINERIES OF THE NORTH ETNA WINE ROAD

After all the excitement of Taormina and a late dinner our schedule is easier this morning. The focus today is on the unique terroir and wineries of Etna's famed wine road.

11:30 am – Depart hotel

PRIVATE VISIT AND LUNCH AT PIETRADOLCE

Our bus now takes us to Solicchiata, a hamlet on the northern slopes of Mount Etna where Pietradolce is located. The ultra modern winery and re-modeled vineyard terraces make for a fascinating comparison with the ancient Palmentos but underneath the more modern exterior lies a very similar and deep attachment to the sense of place in this very special environment. We visit the terraced vineyards with our host before heading back to the winery for a delicious home prepared lunch. Their range of wine styles are all clearly "Etna DOC." It is said that for other winemakers when not drinking their own production this the "go-to" winery! High praise indeed! With lunch we are very much looking forward to tasting some rare Pietradolce library wines from their cellar. www.pietradolce.com

VISIT AND TASTING AT PALMENTO COSTANZO

The most difficult decision on our tours is always when to leave! But leave we must as our next visit is to another spectacular winery just along the North Slope wine road where the original Palmento gravity flow lava stone winery has been the subject of one of the most significant examples of conservative restoration on the island. Here as we stand in the original treading floor, suitably refreshed, glass in hand we will experience what it was like to make individual wines from the Contrada and how the techniques have been surprisingly upgraded to produce these wines today.

RETURN TO THE HOTEL

Freshen up and prepare for dinner at 12 Fontane restaurant

We are in for another treat as our last dinner together is at this highly rated restaurant within our hotel which also produces small quantities of their own wine just to accompany their very creative natural gourmet dishes. www.12fontane.com
